

## Volunteer Instructions:

Parents will need to email Elisabeth Navarro directly with their full name and she will provide the fingerprint form and the location to be fingerprinted.

She will also attach a link to a volunteer application and request you attach a Tb test result, proof of a clear chest x ray or a completed risk assessment completed by their health care provider.

Here is her contact information:

Elisabeth Navarro

[ENavarro@ogsd.net](mailto:ENavarro@ogsd.net)

- Also here is the paragraph of what is required from volunteers. Of course this is subject to change:

### ***What is Required of Volunteers at This Time?***

*The District is only allowing essential volunteers to regularly be on campus or perform volunteer work at this time. When volunteers are permitted to be on campus they will be required to be cleared with our previous requirements of TB documentation, fingerprint clearance, viewing of any required modules such as COVID health and safety, and **providing proof of vaccination.***

Please let us know if you have any questions. We will try to keep this information as update as possible. Thanks for your patience and support.
